Admit Term: 2010 Fall Grad Term  
Academic Load: Full-Time

Student Number: 250584418  
Pin: 0063

Name: Omar Bin Yusuf  
Email: oyusuf@uwo.ca

It is with pleasure that I write to tell you that the graduate program in Engineering Science has recommended you for conditional admission as a Full-Time M.E.Sc. Engineering Science student starting in the 2010 Fall Grad Term.

At Western, we have an outstanding Engineering Science program. However, no matter how industrious and dedicated our faculty, the quality of the program depends on the quality of our graduate students. We strive, therefore, to attract the best and brightest and to offer them an intellectually stimulating and challenging environment. You appear to have both the motivation and skill we seek.

You will not be allowed to register until the following condition(s) placed on your admission have been met.

- You must present your original valid Citizenship and Immigration Canada Study Permit to the School of Graduate and Postdoctoral Studies prior to the official start date of the term in which you begin your graduate degree at the University of Western Ontario. The official term start dates are: Fall - September 1, Winter - January 1, Summer - May 1.

For further information:

- Regarding the School of Graduate and Postdoctoral Studies' regulations and procedures refer to [grad.uwo.ca](http://grad.uwo.ca)
- Concerning your graduate program, please contact the graduate program personnel in Engineering Science

Acceptance of this offer indicates your agreement to abide by all policies and regulations of the School of Graduate and Postdoctoral Studies and the University of Western Ontario.

To accept or decline your conditional offer of admission visit here: [grad.uwo.ca/prospective\\_students](http://grad.uwo.ca/prospective_students). This site will show you the steps required to complete your offer of admission.

You are required to be enrolled in the University Health Insurance Plan (UHIP) or a UWO-approved equivalent plan for the duration of your registration.

We hope that you decide to join us and wish you success in your graduate career.

Sincerely,

Linda Miller, Ph.D.,  
Vice-Provost (Graduate and Postdoctoral Studies)

February 11, 2011

To Whom It May Concern:

**Re: Omar Bin Yusuf**

This is to certify that the above named student is registered full-time in the Masters of Engineering Science (MESc) program in the Faculty of Engineering at The University of Western Ontario. He started at the university on September 1, 2010, and is currently working and doing his integral studies under the supervision of Professor R. Khayat. He is expected to complete all of the degree requirements for the MESc program by August 30, 2012.

Mr. Yusuf has not received airfare allowance from the department since his admission.

Please feel free to contact me if you require any further information.

Yours truly,

CHRIS SERES  
Administrative Assistant  
Mechanical & Materials Eng'g Department  
Faculty of Engineering  
The University of Western Ontario
