This is your Notification of Selection Results with the results from the second and final selection.

You can only be admitted to one master's programme. If you have now been admitted to a programme with higher priority, those with lower priority have been cancelled and are marked "Deleted" in your notification. The term "Deleted" may also indicate that you did not fulfil the entry requirements for that programme. If you have been offered a place, the term "Admitted" will appear, while "Reserved" indicates that you have been placed on a waiting list for that programme.

Please follow all instructions regarding introductory meetings and registration or you may risk losing your place.

Please contact the university where you have been accepted if you do not wish to keep your place.

If you have any questions regarding admission, please go to www.studera.nu/english and use the link Contact at the top right of the page, or call Admissions Service at + 46-771-550 720.

For any further information you require that is not included in this letter, please contact the university in question.

Please note that no hard copy of this notification will be issued or sent by postal services. Swedish embassies and consulates worldwide have been informed about this new type of notification (printable PDF-file) used by Swedish universities.

The right to appeal is restricted to decisions regarding general and specific entry requirements; the selection result as such cannot be appealed. The appeal must be made in writing. There is a specific Appeals form that you must use for your appeal. This form can be found by going to www.studera.nu/english and then clicking the following links: Second cycle => The application process => About your notification of selection results => Appeals.

The letter of appeal (Appeals Form + a copy of this notification) should be sent to University Studies in Sweden, FE 1, SE-833 83 Stroemsund, SWEDEN. It must have reached University Studies in Sweden no later than three weeks after your receipt of this notification. The university to which you appeal will re-assess your eligibility. If the university concerned chooses not to change its decision, your appeal will be forwarded to the appeals authority which will then make the final decision.
